i60	H03-0243

After identifying your model, you can get the right conversion bracket by contacting your Interstate Batteries® dealer or visiting

www.interstatebatteries.com.

Please Note: All models will require a lithium-specific 48V onboard or off-board charger. **If your model isn't listed, an Interstate® lithium battery may not be compatible with your golf cart. For further assistance, contact our support line at 888.772.3600.**

Please read the battery installation manual carefully before use. Not following the instructions and warnings could lead to battery failure, serious injury, death, property or product damage and will also void the warranty. Interstate Batteries® and its affiliates are not responsible for any damage or injury resulting from use of the manual. For safe and proper handling, please consult a professional.
